Your driver and tour guide will pick you up at your hotel in a comfortable Executive Van. This easy day tour will take you to all the most beautiful panoramas, photo motifs and lakes of the Dolomites. Setting off along a well-maintained toll road that branches off from close to Misurina (between Dobbiaco/Toblach and Cortina), you will first head for the Auronzo mountain refuge (2.333 m), on the south side of the Tre Cime, or Three Peaks'. From here you can enjoy the spectacular panorama and view of the Dolomite peaks, and you will of course also have the chance to capture the splendour of it all on film for your holiday album.

The tour then continues on to the famous ski resort of Cortina d'Ampezzo, site of the 1956 Winter Olympics. You can enjoy some Italian flair there as you wander around the town or do a bit of shopping.
