

FLEET

All our vehicles have been carefully selected and are constantly and meticulously maintained. We only allow the best vehicles of their class access to our depots. Models of leading automotive manufacturers with state-of-the-art technology, ecologically sound engines and fully furnished, modern interiors and equipment. We focus on comfort, technical innovation, cutting edge equipment, maximum leg room and storage space to ensure that you can dedicate your attention to enjoying the journey.

Our vehicles comply with the latest safety standards and are equipped with all technical appliances, ensuring that we take you to your destination safely. This is what our experienced drivers take care of.

The following categories are at your disposal, if you want to hire a coach with driver:

- Premium travel coaches Setra 50- 54 seats
- Minibuses (Mercedes Benz) from 18-20 seats, ideal for smaller groups
- Executive Vans (Mercedes Benz) with up to 8 seats for small groups
- Bike trailers for up to 38 bikes

- Sufficient storage space for your luggage
- Sustainable and environmentally friendly thanks to the latest engines
- Regular maintenance and highest attention to safety checks

. MY ADVENTURES .

„Compelling images pass in front of my eyes, while I'm losing myself in the soft hum of the engine. They convey the beauty of nature, stories of local people and other tales and well-kept secrets. We do not experience this unique landscape as tourists but as people on a journey... with open eyes and mindful inquisitiveness.“

LOSING YOURSELF IN THE SOFT HUM OF THE ENGINE.
