

Dolce Vita and mediterranean flair at Lake Garda

Experience the fascination of Lake Garda on land and on water: Between mountains, palm trees, vineyards and shiny water.

Private Experience

Highlights

- ✓ Culinary start to the day with breathtaking views over the lake
- ✓ Exclusive, private speed boat ride on Lake Garda starting from Torbole
- ✓ Limone sul Garda with its picturesque seafront

Lake Garda - with its idyllic villages, small harbors, crystal clear water and Mediterranean flair - is considered a place of longing. Anyone who has seen Italy's largest lake knows why. With its mild climate and pleasant water temperature, the lake seems like a sea between the Alps and the Po Valley. The unique combination of the grey of the mountains, the glitter of the deep blue water and the surrounding vineyards and olive groves make up the unique scenic flair of this area.

Experience a dream day on Lake Garda, with the best culinary delights, the most amazing hidden places and exclusive Italian lifestyle on a private speed boat ride.

Exclusive aperitif with a view over the lake

In the morning of the tour, you will be picked up in a comfortable executive van directly at the hotel and head south. You'll start the day right on the culinary front, as your guide takes you to one of the area's best-kept favorite spots. A typical agriturismo, nestled high above Lake Garda, the estate sits on a plateau with dense woods and steep rock faces in the background, offering great views of Lake Garda. While sitting in the sun, enjoy an aperitif with Mediterranean antipasti and soak up the Italian flair.

Private speed boat ride on Lake Garda

The best way to experience the charm of Lake Garda is from the water: Afterwards, you will head to Torbole, where the exclusive tour will be transferred onto the glittering waters of the lake. The private speed boat takes you across the lake - past luxurious villas and Mediterranean villages - in the direction of Limone. If you would like to cool off for a while, you can take a dip in the cool blue waters of Lake Garda. So it's best to bring your swimsuit.

Explore the picturesque streets of Limone

Arriving at the west side of Lake Garda, the former fishing village of Limone spreads out before you. Your guide will introduce you to the history, culture and characteristics of the region around Lake Garda and show you the beauty of the idyllic town of Limone. Besides the two harbors - the Porto Vecchio and the Porto Nuovo, Limone enchants with its charm and picturesque alleys. While you stroll comfortably along the lake promenade, you have the opportunity to taste Mediterranean specialities in one of the charming restaurants with stunning lake views.

Discover Riva del Garda

After lunch you will drive to Riva del Garda. The small town, on the narrow northern tip of Lake Garda, captivates with its art and architecture: you will discover evidence of ancient history and a culturally rich past. In fact, the Mediterranean climate, the long, quiet and sunny beaches and the wonderful view have inspired in earlier times famous poets such as Nietzsche, Kafka and the Mann brothers. Enjoy the lively waterfront with its many stores, restaurants and cafes, as well as the magnificent-looking Rocca di Riva town castle, before your driver takes you back to your hotel after this fantastic day.

Price information at the reception.
